

Name Laura Dinning
Position Receptionist
Employer Outrigger Konotta Maldives Resort

Laura started at NZST Dunedin in July 2015 completing the level 3 qualification by the end of the year. She returned in 2016 to complete THA and then went on to join the Diploma class. Laura was a class representative and her work was of a high standard, something that she developed further in her second year of study.

During this second year Laura was given the opportunity to work at House of Travel in Dunedin covering lunch breaks, and was also holding down a job at a call centre at home on the weekends.

As part of the Diploma Job Fair in Queenstown Laura was offered a roll at Skyline for when she completed her course, but ended up not taking this opportunity. Laura was accepted on her internship through the Outrigger chain of resorts and found herself completing her Diploma qualification in the Maldives working at the 5 star resort made famous by the over water bungalows, as a receptionist!

Her feedback was that she was very professional, and organized and whilst she has since returned to New Zealand, she has been offered the chance to return to the same resort. She is also weighing up an opportunity to become a travel agent. What a great problem to have!

We know that whatever she chooses she will be successful and we look forward to hearing about her next adventure

Well Done!

Laura!
